

NYNAS CODE OF SAFE CONDUCT

- PERSONAL SAFETY

In the line of fire

- ▶ I position myself and others in safe locations so that I avoid being hurt by vehicles, pressure releases, falling objects and other moving objects.
- ▶ I always respect barriers and exclusion zones.
- ▶ I interrupt a task that I find unsafe for myself or others.

Traffic hazards

- ▶ I drive carefully and adjust the speed according to weather conditions and speed limits.
- ▶ I only drive when I am well rested and in good shape.

Lifting of heavy objects

- ▶ I always confirm that the lifting equipment have been inspected and is fit for purpose.
- ▶ I only operate equipment that I am qualified to use.
- ▶ I make sure that the object is properly secured and barriers are in place.

Work permit

- ▶ I never start work without a valid permit.
- ▶ I always perform a last minute risk assessment or Take-2 before starting work.
- ▶ I am attentive of changing conditions and interrupt my task if it is no longer safe to perform.

Confined space

- ▶ I only enter a confined space when I have a valid entry permit, required testing is done and entry guard is present.
- ▶ I require that testing has been done and entry guard is present.

Working at height

- ▶ I always confirm that scaffolds are approved to use.
- ▶ I make sure that tools and other objects cannot fall from height.
- ▶ I use fall protection when needed.

Equipment isolation

- ▶ I always verify that the equipment is properly isolated.
- ▶ I never break an isolation without making sure that the job is finished.
